## SOMFY Solus PA Tubular Motor

Ozroll have now included the Somfy Solus range of tubular motors to our existing product range. The Solus PA range of Somfy tubular motors are different to the current LT range of motors and are offered as a cost competitive option

The previous OZRoll branded tubular motor will no longer be available and will be gradually phased out and replaced with this motor.

Below we have listed some of the differences that make the motor more economical compared with the more requested LT range.

- The Solus PA motor is a 12RPM motor where the LT range is 17RPM
- The Solus motor has a progressive limit setting while the LT range has an instant limit switch.
- The Solus PA motor has a white cable where generally the LT motor has a black cable, both are 2.5 metres long.
- The Somfy LT motor has a removable cable at the motor head but the Solus PA motor is not removable
- Both Somfy motors use the same head and
