

## INTRODUCING THE ODS TUBULAR MOTOR T35

**AVAILABLE NOW!!**

Ozroll is pleased to introduce the T35 DC Tubular Motor to our existing range of 12V DC motors

Part Number: 15.131.010

The T35 offers power equivalent to 35nm which is capable of lifting a roller shutter up to 52kg in weight making it ideal for use with our Sentry BAL 40 rated slat. It has been designed to be used with either the E-Port 18650 Control or with the old style ODS Control 10

This motor has an enormous output despite the compact dimensions.

### Specifications:

Nominal Torque Rating	35 Nm
Nominal Voltage	12V DC
Nominal Speed	9 RPM
Max Operating Current:	4.9 Amps
Diameter	45 mm
Length	590 mm
