

SHUTTER BOX 230 SQ HEAD BOX

With Rollashield 230mm SQ Head Boxing now being roll formed in our Dry Creek manufacturing division, we have been able to add to the colour range with the introduction of Black, Woodland Grey and Mill Finish.

Manufactured from high quality aluminium and coated with a two-coat system of primer plus topcoat, the 230mm SQ Head Box is suitable for use with all Rollashield slat profiles.

Maximum overall shutter heights:

Residential Curved (AR400, 401, 402) = 3800mm

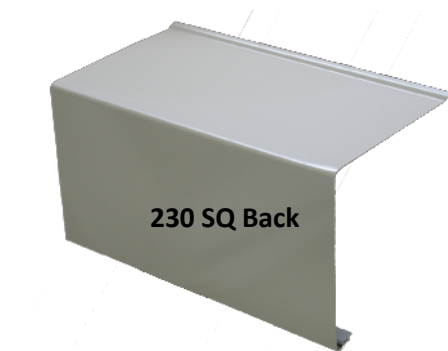

Residential Flat (AR405) = 3000mm

Sentry Fireshield (AE401) = 3400mm

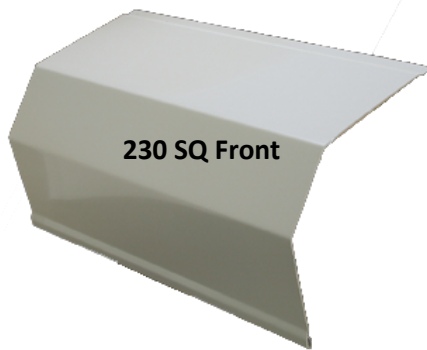

Stormshield (AR400 HDF) = 3400mm

Ultrashield (AR551) = 2600mm

For technical specifications please refer to Information Bulletin: SQ Series Headbox (#4)
