

For over two decades Ozroll and Somfy have been building a strong relationship together, based on the shared belief that quality is a priority while remaining dedicated to the design, development and production of innovative automation solutions.

Originated in France over 50 years ago, Somfy is now present in over 60 countries and renowned as the world leader in 240V tubular motorisation.

Somfy offers:

- A comprehensive range of 240V motor solutions to suit almost any application
- A wide range of controls and sensors for increased flexibility for automation
- Outstanding local support for technical, sales or business requirements
- Technical and sales expertise to help your small residential and large commercial projects

You can reach Somfy Australia's technical support on 02 8845 7200
